BVI FINTECH TRAINING PROGRAMME

Programme Description:

With the emergence of the digital revolution, Financial Technology (FinTech) has become one of the most important characteristics of today's economy and finance. This training programme is designed to support the development of the FinTech ecosystem in the BVI by developing a cadre of certified FinTech professionals. Participants will benefit from eight-weeks of intensive courses on the fundamentals of FinTech and business and related programming concepts. They they will also be given an opportunity to practice their learning by completing a one to four-month FinTech project with a local partnering firm.

Course Modules:

- ⊘ FinTech, AI Concepts, Cases and Technology
- ⊘ Design Thinking
- ⊘ API and RPA: Automation, Bots and Technology
- ⊘ Business Analytics and Intelligence
- ⊘ Algo-Trading, Theory and Practice (optional)

Creative Features:

- NUS FinTech Certification
- Bi-weekly Zoom sessions (2hrs)
- Hands on practical training
- Individual and group work
- Expert tutoring

Suitable for:

This course is suitable for persons in business, finance, regulation, and the public sector, who desire to add FinTech training to their current portfolio, or to transition into a career as a FinTech professional. Experience in technology not required.
